Liberty Payroll and HR is all about one thing: people serving people—with fully customized payroll and HR solutions, highly responsive service and an individualized touch—all at a fair price that represents real value. It’s customer service from the days when customer service was personal and people were accountable. At Liberty Payroll and HR, that’s how we serve you and your business every day. Headquartered in Newark, Liberty Payroll and HR was formed in 2004 by CPA’s who wanted to offer their clients an alternative to the national payroll providers. Our New Jersey based employees are proud to be trusted advisors to our clients, helping them navigate an ever-changing business landscape.

Our mission is to provide each client with:

- Quality-rich payroll products that are produced with the highest level of workmanship and detail at a competitive market price.
- Trained professionals who endeavor to surpass your expectations. You’ll get a dedicated customer service representative (CSR) assigned to your account—and a second CSR to provide 24/7 coverage and support, no matter when you need us.
- Immediate and personal service – we’re an automated attendant-free zone. When you call us, a live service representative will answer the phone every time. Our corporate philosophy ensures that, from day one, you are able to contact a trained payroll and HR services representative and have your needs handled efficiently and accurately.
- Customized and cost-effective solutions for businesses of all sizes and scopes.
- An absolute “no-excuse” approach to all of your needs.
